

were also crossing on foot at the time. The report of a rising among the Moahounds is unfounded.

CALCUTTA, 7th January.—General Roberts telegraphed of the 5th from Kabul that a convoy of the sick and wounded had left for India, and the 13th and 12th B. C. for Gundanakur. The Panjura Malins had come in and expressed to him their regret for their share in the insurrection, and promised to be quiet for the future and furnish supplies. From Jellalabad, it is stated that Asmatullah Khan is at a village close to Mandarwas in Lughman.

CALCUTTA, 8th January.—A small collection of Moahounds is reported on the bank of the Kabul river.

ATKABUL, 9th January.—News from Khotan on the 8th states that Cheungwan was attacked by rebels on the 6th but repulsed. The rebels did not fight but were easily wounded by the enemy five were killed. The force marches to Colmena. General Roberts has issued a proclamation and offered pardon to those who come in without delay and make their submission (with the exception of a few chief rebels whose names are given). Those who submit will be allowed without fear to remain in their homes with complete security.

The fifteen men who were captured at Kabul before the publication of General Roberts' amnesty of the 26th were all found guilty, either of having been concerned in the massacre of the Resident and party, or of the murder of our wounded soldiers, or of treacherous attacks on soldiers. All the other prisoners were at once released, and the amnesty is being liberally used. The rebels, who were principally concerned in the late disturbance, are accepted by force. In the event of their capture or surrender, their cases will be specially considered.

General Roberts is in communication with Mahomed Musa Khan, Yaccol Khan's son, through his family, and has assured him of honorable treatment. He is now at Ghazni. General Gough's brigades are comfortably housed in the hills.

At Kabul, in Khyber, all is quiet.

At Kabul, Dr. Porter is still ill with pneumonia. But for this malady, the troops would be remarkably healthy.

A convoy of sick from Khotan in charge of Surgeon Bowditch, was fired at by Nagaes near Djinpanishan. The escort returned the fire. There were no casualties on our side.

A telegram from Kabul, forwarded by General Roberts to all districts of Kabul.—"At the instigation of sedition men, ignorant people, not considering the result, have raised a rebellion. Many insurgents have received a reward, and for others the British Government, which is just and merciful, as well as strong, has forgiven their guilt. It is now proclaimed that all who come in without delay and make their submission will be granted a pardon. The British Government has no enmity towards the people. Any one who rebels against us, let him be sure that he will be severely punished. But to all who come in without delay and have no fear of punishment, the British Government speaks only that which is in its heart."

CALCUTTA, 13th January.—A large body of Moahounds have assembled at Pabu and Loka. Some 400 sail (1) cross the river fifteen miles below Dhakka. Mogul Khan is reported to be on the left bank of the Kabul.

The Moahounds-tax is abolished, and all debts prior to 1880 are to be settled by liquidation which will be subject to the sanction of the European Powers. The tribute to the Porte is the first charge on the revenue.

The English soldiers and Carabiniers are anxiously awaiting the arrival of a supply of bear powder, which is said to make very fast tips, but as no one in Candahar seems to have had bear made ready for them, their acquisition, perhaps largely of the "pistols" of the Afghans, is of interest. The Good Doppler to know that the allowances of pug day to the soldiers at Candahar is confined to a single tot of rum.
